

January 23, 2009

TO: Missouri Natural Gas Operators

SUBJECTS: 1) 2009 Excavator List Update
2) Staff Telephone List Update
3) MANGO General Meeting

Note: Copies are not sent to all operator personnel. Please forward to the appropriate person(s).

1) 2009 Excavator List Update

As discussed in the All Operators Letter to Missouri Natural Gas Operators dated December 8, 2008, the Staff reminds operators to review, update, and submit their revised excavator list (or indicate "no change") to MOCS in order to participate in the 2009 excavator education program by MOCS. The participation renewal period is from January 5, 2009 to March 9, 2009. When an operator submits their update/no change by e-mail, MOCS will provide an auto-reply indicating the operator's participation in the 2009 update and that MOCS will complete two educational mailings during 2009 to excavators on the updated list as required by MoPSC Pipeline Safety Regulations. Even if you have no changes to the list, you should mark "no change" and submit it to MOCS. Operators should print and retain a copy of the auto-reply from MOCS to verify compliance with the annual excavator list update requirement [(12)(I)2.A]. Natural gas operators without internet capability may contact MOCS (Dave Jones at 573/556-8114 or Becky Harbaugh at 573/556-8117) for a printout of their excavator list and then send the updated list back to MOCS.

To also comply with MoPSC Regulation 4 CSR 240-40.030(12)(I)2.E.(I), which requires operators to maintain the 4 most recent semiannual notifications sent to excavators, the Staff suggests that operators maintain the twice per year excavator mailings they should be receiving from MOCS. If an operator is not receiving the excavator mailings, please notify MOCS at the above-noted telephone numbers. The mailings are also available on the MOCS website at (www.mo1call.com).

2) Staff Telephone List Update

Please see the enclosed telephone list reflecting our current Staff.

3) **MANGO General Meeting**

The next MANGO general meeting has been set for 10:00 a.m. on **Thursday, February 19, 2009, in Jefferson City. The meeting will be on the 4th floor (Room 470) of the Governor Office Building (GOB).** Coffee and bakery items will be served prior to the meeting (9:30 a.m.) and lunch will be provided. Parking is available in the City Parking Garage directly across from the Governor Office Building. If you have suggested discussion items, please contact a MANGO Board Member or the MoPSC Staff.

Possible discussion items include:

- Gas leak definition changes
- Public Awareness Radio Campaign update
- 2009 Pipeline Safety Seminar update
- Recent changes to One-Call statutes
- Rulemaking

If you have any questions concerning any of these topics, please contact me at 573/751-3456.

Sincerely,

Robert R. Leonberger
Assistant Manager – Gas Safety/Engineering
