May 02, 2019

TO: Missouri Natural Gas Operators

FROM: Kathleen McNelis, Pipeline Safety Program Manager

SUBJECT: **1) 2019 MANGO Summer Safety Conference – Registration Open**

2) PHMSA Advisory Bulletin – Flooding

3) PHMSA Advisory Bulletin – Earth Movements and Other Geological Hazards

4) PSC “Unofficial Version”, Pipeline Safety Regulations

Note: Copies are not sent to all operator personnel. Please forward to the appropriate person(s).

1) MANGO Summer Safety Conference – Registration Open

Registration is now open for the **MANGO Summer Safety Conference** at Tan-Tar-A June 26-28, 2019. Details and registration information are available at:

<https://www.mangowp.org/2019-mango-summer-safety-conference-registration.html>

If you are unable to access the information on-line, please contact a MANGO board member or a PSC Staff member for assistance.

2) PHMSA Advisory Bulletin – Flooding

On April 11, 2019, PHMSA issued an advisory bulletin to remind all owners and operators of gas and hazardous liquid pipelines of the potential for damage to pipeline facilities caused by severe flooding and actions that operators should consider taking to ensure the integrity of pipelines in the event of flooding, river scour, and river channel migration. The full text may be downloaded from: <https://www.govinfo.gov/content/pkg/FR-2019-04-11/pdf/2019-07132.pdf>

If you are unable to download the advisory bulletin from the link above, please contact a PSC Staff member and we will send you a copy.

3) PHMSA Advisory Bulletin – Earth Movements and Other Geological Hazards

On May 2, 2019, PHMSA issued an advisory bulletin to remind all owners and operators of gas and hazardous liquid pipelines about the serious safety-related issues that can result from earth movement and other geologic hazards. The full text may be downloaded from: <https://www.govinfo.gov/content/pkg/FR-2019-05-02/pdf/2019-08984.pdf>

If you are unable to download the advisory bulletin from the link above, please contact a PSC Staff member and we will send you a copy.

4) PSC “Unofficial Version”, Pipeline Safety Regulations

A PDF of the updated “Unofficial Version” of the Missouri Pipeline Safety Regulations has been posted to the MANGO website at:

<https://mangowp.typepad.com/Unofficial%20Version%20of%20Rules%20Effective%201-30-19.pdf>

A limited number of bound paper copies are also available. We have printed a sufficient number of paper copies to cover the requests made in advance by operators, and 1 copy for each operator that did not make a specific request for a paper copy. You may obtain the paper copies in one of three ways:

1. Make arrangements to come by our office to pick up,
2. If you have a PSC safety inspection scheduled, let the PSC inspector know that you would like your copy delivered at the time of the inspection, or
3. We will bring the remaining copies to the MANGO summer seminar.

The official version of the rules may also be downloaded from:

<https://s1.sos.mo.gov/cmsimages/adrules/csr/current/4csr/4c240-40.pdf>
